<b>POCKETS</b> (indicate inside or outside)		n/a
<b>PRINTING &amp; POSITION</b> (indicate position of printing, number of colors, image vs. text - attach graphic example)		
<b>PHOTO(s) / DRAWING(s)</b> - paste into this form or send as a separate PDF attachment		

1. If packaging is not required to meet Prop65 or REACH please indicate this in material section and we will quote regular PVC materials (*write - "PH free not required"*)
2. Description and weight of item helps us to determine necessary construction details to evaluate packaging materials for proper integrity and strength
3. List materials required as part of design – primary being majority material, secondary being trim or panels
4. Finish indicates clear, sanded, embossed or "other" (please specify)
5. Where Pantone match is not indicated, clear PVC will be used in quotation
